Legend
Measurements in inches
W= From left to right
(+) = Box opening, full length
D = Depth from front to back
H = From bottom to top

Steel wire dispenser.

The dispenser is made of strong steel wire which offers numerous advantages.

Thanks to its greatly reduced surface, accumulation of dust or dirt is minimal.

Steel Wire dispenser can be cleaned easily and quickly using regular disinfecting products.

Electrostatically applied paint made of thermoplastic powder, baked in a high-temperature oven, and white enamel finish resistant to corrosive cleansers and impact will protect the steel against corrosion for decades to come.

Can be installed on the majority of surfaces or at any distribution points for products concerned with the infection control area.

29.00\$ 1 to 11 units
26.80\$ 12 + units
Plus shipping and tax if applicable.
